

FRIDAY 13th MAY 2022

It has been a great week.

I must start by sharing how incredibly proud we are of our Year 6 pupils who have tried incredibly hard with their SATs this week. They will receive their results in July and we look forward to celebrating. We also wish our Year 2's the best of luck as they will sit their SATs next week.

We have had several visitors in school this week, we welcomed Reverend Nicki at the start of the week and also held our Hindu and Buddhism workshop, which was incredibly interactive and informative. This is in addition to SATs, reading, writing, phonics, Maths and design technology and Pyjamarama day and visits to the library!

I must apologise for the confusion regarding the workshop, and the miscommunication regarding the event, it was a Hindu workshop and we will look to hold further events in the future.

Due to the library visit there was no good work assembly today, we will hold this on Monday.

You will see that we are still waiting for our gates and fencing to be finished, this should be very soon, but please do not think we are leaving it unfinished.

Thursday the 26th May is Thank a Teacher Day, this day is dedicated to all schools and colleges. We will certainly be celebrating this in school, but you can also celebrate and share your thanks. Please see link for more information: [For Parents and Pupils - Thank a Teacher](#)

Please continue to support with attendance, it is so important that your children attend every day, each class has a very full curriculum and it is so important that they are in and accessing their learning. If your child is going to be absent for any reason, please do let us know and contact the school office before 9am. This does also include school holidays, whilst we would ask that you do not take holidays in term time, it is important that we are informed.

As I have made reference to our curriculum, I would like to share that our curriculum overviews are available on our website if you would like to view these: [Arlecdon Primary School – West Lakes Multi Academy Trust](#)

The countdown is on until our Jubilee celebrations, this will take place on the afternoon of 6th June, and we really hope you can make it. This will follow our pupil show case, you should have received additional information regarding the showcase earlier in the week. There is a slight change as both events are for all pupils, from EYFS to Year 6. We will be celebrating by wearing red, white and blue and we will have teacher challenges and Year 6 pupils will also be completing challenges.

I hope you have a wonderful weekend.

Sophie McCabe
