

FRIDAY 1st JULY 2022

Another week full of learning and adventures here at Arlecdon. It has been fantastic to be able to resume trips and our children had a wonderful time at Stocks Wood this week. I received an email for the owners of Stocks Wood recognising how fantastic our children are, they shared that the children were a delight and listened well, and participated with confidence. These activities always bring so much joy, success and laughter and our children are always fantastic.

Next week is another busy week as there are more trips as our pupils participate in sports week and we have our talent show the week after, there will be a number of showings but we are restricted to how many can attend each show. Please ensure you buy your ticket for this.

Cumbria County Council has allocated £2million to the Cost-of-Living Fund. The aim is to help those people who need it the most in the country. £500,000 extra funding has been allocated to the school clothing grant which would mean parents who are eligible can receive a clothing grant of £50 for each primary school child. There is more information on the link below: As a school community we are here to help and support our children and our families, if there is anything we can do to support please do not hesitate to contact myself or any member of staff.

Just to remind with regards to sun cream to keep the children safe. We are asking that children come to school in the morning with sun cream (SPF30 + is recommended) applied at home and that lasts all day. If your child needs to bring some into school, they will need it to be clearly labelled. Please remember children's skin is much more sensitive than adults We want to ensure your child is safe and happy in the sun!

Our pupils always work hard and you will receive your child's school report the week beginning Monday 11th July, if when you receive this, you have any questions, please do not hesitate to ask the class teacher.

Have a lovely weekend!
